

GoVoIP 2.0 Mobile App

User Guide

For iPhone

Once you have downloaded and installed the app from the App store, you will need to log in. Please ask your System Administrator for your log in credentials.

After logging in, you will be brought to the "Contacts" Screen. From here you can view or add contacts, see if colleagues are on a call, and view their status messages.

Call History

Dialer

Voicemail

SMS/Chat

Create a new conversation or continue an existing one. Requires SMS add-on to use text messaging capability.

From the menu tab, you can change your status message, adjust which answering rule is active, record and change greetings, or set cellular callback.
